- 2. In 2015, more than 1 in 5 Canadians reported that they or someone in their home did not take their medications because of cost. What will you do to ensure that Canadians have affordable access to prescription medications?**

Insert answer here. Background information from CNA's *2019 Federal Election Platform* can be found under the "Pharmacare" section.

- 3. In the home and community care sector, technology plays a central role in enabling remote patient monitoring and interventions in a patient's home. This makes it easier for Canadians to access efficient, high-quality, and cost-effective health care remotely. How will you support technological innovation beyond hospital walls, including the scale-up and spread of existing technologies?**

Insert answer here. Background information from CNA's *2019 Federal Election Platform* can be found under the "Technological innovations to improve access to care" section.

- 4. We are seeing the negative effects of climate change on the health of Canadians already. Changing climate patterns are leading to the spread of infectious disease, cardiorespiratory impacts, longer allergy seasons, displacement-related mental health concerns, heat stroke, heat-related deaths, and more. What will you do to prevent and reduce the negative health effects from climate change?**

Insert answer here. Background information from CNA's *2019 Federal Election Platform* can be found under the "Climate change and health" section.
